Professional Summary

I have completed a range of projects demonstrating my skills in Python, Java, C#, and .NET technologies, with a focus on software development, data science, and machine learning. My experience includes data analysis and visualisation using Python libraries such as NumPy, Pandas, Matplotlib, and Scikit-Learn, as well as developing database-driven applications using SQL Server, Oracle, and SQLite. I can apply OOP principles, algorithms, and software engineering practices to design scalable and maintainable solutions. My projects demonstrate strong programming logic, experience with MVC architecture, and the ability to integrate data processing, machine learning concepts, and database operations into practical software applications.

Selected Projects

E-Portfolio Website – Live Demo:  [Link](#)

Designed and deployed a personal portfolio with HTML5, CSS3, JavaScript, and GitHub.

Ori and the Will of The Wisps Game Website — Illustration video:  [Link](#)

Developed a dynamic website, rich in animation and visual aesthetic with HTML5, CSS3, and JavaScript.

Techspo Database-Driven Web App — Illustration video:  [Link](#)

Built a dynamic web application integrating live database operations with ASP.NET MVC, C#, SQL Server.

Technical Skills

Languages & Frameworks: Python, Matplotlib, NumPy, Pandas, Tkinter, Scikit Learn, Java, C++, C#, ASP .NET MVC, JavaScript (ES6+), HTML5 & CSS3

Databases: SQL Server Management Studio (SSMS), Oracle, MySQL, SQLite

Tools & Platforms: Microsoft Azure, Git/GitHub, Visual Studio, VS Code

Concepts & Practices: OOP, MVC architecture, DOM manipulation, recursion, hashing, BFS

Certifications

Microsoft DP-900 – Azure Data Fundamentals
MCID: 993265219  [View](#)

IT Specialist: 98-381 – Python
Cred: n2Gu-DwV5 | Student ID: 90020900  [View](#)

IT Specialist: 98-382 – JavaScript
Cred: wdAY9-FaV5 | Student ID: 90020900  [View](#)

IT Specialist: 98-383 – HTML and CSS
Cred: 6P9R-uTnS | Student ID: 90020900  [View](#)

Regulatory Exam (RE) 5 – Financial Advisors

Regulatory Exam (RE) 1 – Key Individuals

National Credit Act (NCA)

Education

Bachelor of Science in IT (Software Engineering) NQF 7 – Specialization in Emerging Technologies
Richfield University | 2024 – 2027

Modules (Current - Third year):

Software Engineering, Java Programming, Cyber Security, Artificial Intelligence, Machine Learning 700, Mobile App Development, Autonomous Systems and Robotics

Modules (Second year):

Information Systems (Systems analysis and design), Database Systems, C++ Programming, Cloud Computing, Big Data and IoT, Data Manipulation and Visualization (Data Science, Matplotlib, Pandas, NumPy), Machine Learning 600, Statistics for Data Science

Modules (First year):

Python Programming and TKinter, Web Technology (HTML, CSS, JavaScript), Networks, Discrete Mathematics, Data Science (Data Analysis, Matplotlib, Pandas, NumPy)

IT Systems Development NQF 5 (SAQA ID: 48872)

CTU Training Solutions | 2022 – 2024

Modules:

Programme Design and Computer Architecture, Python Programming, Robotics Development, Web Development (HTML, CSS, and JavaScript), Java Beginner and Advanced, C# and .NET frameworks, MVC and Database Management, Cloud Computing and DevOps Engineering

Work Experience

Aftersales Manager

Mahindra Benoni Dealership and Service Centre | 2019 – 2023

- Initiated and managed the opening of the dealership's first Aftersales Department.
- Designed and implemented an internal aftersales management system for invoicing, job creation, and inventory control.
- Managed technical staff and operational processes to meet strict performance and compliance targets.
- Developed the aftersales business strategies and managed customer service programmes.

Reference: Kristie Sennett (HR Manager) | kristie@msmdealer.co.za | 011 973 2846

Operations Controller

MSi Banrep Long Term Car Rentals | 2018 – 2019

- Responsible for operational workflows, including technical inspections, repair approvals, and parts sourcing.
- Managed workshop and repair shop performances.

Reference: CJ Kleynhans (Operations Manager) | cj@banrep.co.za | 011 395 6947

Finance and Insurance Manager (F&I)

Mahindra and Geely George | 2015 – 2017

- Structured and secured vehicle finance deals for customers, ensuring compliance with financial regulations.
- Provided credit evaluations and financial advice.
- Managed the sales team and vehicle delivery operations.

Reference: Kristie Sennett (HR Manager) | kristie@msmdealer.co.za | 011 973 2846

Personal Information

 950525 0020 087 | **Smoker:** No | **Languages:** English and Afrikaans (fluent)
 Berario, Randburg 2195 | **Dependents:** None | **Transportation:** Own vehicle
 Graduated Matric

Personal Skills

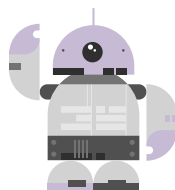

Managerial, Computer literacy, Problem-solving, Administrative skills, Good communication, Creative, Programming logic, Business planning, Time management

Qualities

Result-orientated, Passionate about programming, Well-organized, Efficient and diligent, Self-motivated, Professional, Well-mannered and respectful, Honest, Adaptable to change, Dedicated to life-long learning, Respect for procedures and company policies, A team player

Hobbies

Computer games, Fictional reading, Socialising with friends and family, Hiking, Exploring/travelling, Golfing, Fooding :)
